SESSION 1910-1911

UNIVERSITY OF ILLINOIS

PRESIDENT'S OFFICE

DEC 12 1910

LOUISIANA STATE NORMAL SCHOOL

NATCHITOCHES, LA.

SEPTEMBER 20th, 1910—MAY 5th, 1911

NEW ACADEMIC BUILDING.

PRESENTATION OF FLAG BY SENATOR T. C. BARRETT.

UNIVERSITY OF ILLINOIS

PRESIDENT'S OFFICE

SESSION 1910-1911

UNIVERSITY OF ILLINOIS LIBRARY

C 1917

LOUISIANA STATE NORMAL SCHOOL

NATCHITOCHES, LA.

SEPTEMBER 20th, 1910—MAY 5th, 1911

BOARD OF ADMINISTRATORS.

Ex-Officio Members.

His Excellency, J. Y. Sanders, *Governor of Louisiana*, Baton Rouge.

Hon. T. H. Harris, *State Superintendent of Public Education*, Baton Rouge.

J. B. Aswell, *President State Normal School*, Natchitoches.

Representative Members.

Hon. G. W. Jack, *First District*, Shreveport.
Term Expires July 1st, 1914.

Hon. Henry Bernstein, *Second District*, Monroe.
Term Expires July 1st, 1910.

Judge A. J. Lafargue, *Third District*, Marksville.
Term Expires July 1st, 1910.

Hon. Solon Farrnbacher, *Fourth District*, Baton Rouge.
Term Expires July 1st, 1912.

Dr. L. Fourgeaud, *Fifth District*, Breaux Bridge.
Term Expires July 1st, 1912.

Dr. Z. T. Gallion, *Resident Administrator*, Natchitoches.
Term Expires July 1st, 1914.

OFFICERS OF THE BOARD.

Gov. J. Y. Sanders, *President*, ... Baton Rouge.
Hon. J. W. Jack, *Vice-President*, . . . Shreveport.
Mr. Edward Phillips, *Treasurer*, . . . Natchitoches.
Mr. T. P. Chaplin, *Secretary*, ... Natchitoches.

REGULAR FACULTY.

J. B. Aswell,	President and Teacher of Pedagogy
Charles Gott,	Training Teacher
George Williamson,	Biology and Ariculture
Lizzie Carter McVoy,	English
John C. South,	Latin and Writing
R. W. Winstead,	Latin
L. A. Davis,	Physics and Chemistry
Roberta Newell,	Mathematics
L. Bertha Thompson,	Singing
George H. Jensen,	Manual Training

CALENDAR 1910-1911

September 19th, Sunday at noon - Dormitories Open.

September 20th, Monday - - Entrance Examinations.

September 21st, Tuesday - Session of 1910-1911 Begins.

November 24th, - - - Thanksgiving Holiday.

December 23rd, - January 3rd, - Christmas Holidays.

January 13th, - - - - Fall Term Ends.

January 16th, - - - Spring Term Opens.

May 5th, - - - - - Session Ends.

May 30th, - - - - Summer Term Opens.

STATE NORMAL SCHOOL.

The Normal School was established by Act of the General Assembly of Louisiana July 7, 1884. The State Board of Education located the school at Natchitoches, and the buildings and grounds of the Convent of the Sacred Heart were bought by the Parish of Natchitoches and given to the school.

The first session began November 1, 1885. Dr. Edward E. Sheib was president from 1885 to 1888, Colonel Thomas D. Boyd from 1888 to 1896, and Mr. B. C. Caldwell from 1896 to 1908.

The Act of Establishment declares that the school shall be maintained "for the benefit of such white persons of either sex as may desire and intend to teach in the public schools of Louisiana."

The Normal School is maintained by the State to train teachers for the public schools.

The necessary equipment of the successful teacher includes wholesome personality, sound scholarship and technical skill. The first of these cannot be furnished by any school, it comes by inheritance and early environment; but it is the function of the Normal School to enlarge and strengthen it, and to add to it the qualifications of liberal learning and teaching power.

The course of training is planned with these ends in view. The first two and a half years of the course aim at thoroughness in mastery of the subjects of the public-school course, while the last year and a half are given chiefly to the study of teaching and to practice work in the Model School.

The conditions maintained at the Normal School give an environment that tends steadily to develop character and capacity for work. The course of study, the professional training, the companionship of hundreds of young men and women engaged in a common life-work, the intimate contact with many strong teachers, and the lectures and addresses given by scholarly men from all parts of the country, help to establish high ideals of service. The stimulating influence of the literary societies, the opportunity to hear really good music and to see some good pictures and statuary, and the use of the library, with its thousands of books and fresh periodical literature, help to refine the taste, quicken the appreciation and strengthen the love of learning.

The well-organized practice school, the new manual training rooms, the laboratories and library, the ventilating system in the academic building, the baths and screens in the dormitories, the beautiful grounds, with forest, lake and swimming pool, guarantee a delightful experience to those who come to take advantage of the excellent courses offered.

LOCATION.

Natchitoches is a town of 4,000 inhabitants, situated a little northwest of the center of the State, on the Texas and Pacific and the Louisiana and Northwest Railways, 150 miles northwest of Baton Rouge and 100 miles southeast of Shreveport. The town is 200 years old and is full of historic interest.

REQUIREMENTS FOR ADMISSION.

The State Normal School is a professional school and as such does not solicit anyone who does not expect to teach.

Students are admitted to any term for which they are prepared. To enter the first term, applicants must pass examination in English, arithmetic, American history and geography. Students of better attainments may enter a higher term, and complete the course in correspondingly shorter time.

Graduates of approved high schools and holders of first-grade teachers' certificates who have taught since certificates were issued, are admitted to the Fifth Term without examination, while those who have taught with second-grade certificates are admitted, without examination, to the Third Term.

Teachers should be strong men and women, physically, mentally and morally; and *weakness in any of these respects disqualifies the applicant.*

1. Age. Girls may be admitted after completing their fifteenth year, young men after their sixteenth. Girls in their fifteenth year and boys in their sixteenth cannot be admitted.

2. Health. Every applicant must present a certificate of good health and freedom from deformity. Blanks for this purpose are found in the back of the catalogue.

Persons of consumptive tendency.
Those of frail physique.
Those of defective eyesight.
Those of impaired hearing.
Those who are not planning definitely to be teachers.
Those in a low state of health, and
Those who have a deformity—should *not* undertake the course.

Persons who have been exposed to contagious diseases, typhoid, yellow or scarlet fever, diphtheria, measles or smallpox, cannot be admitted without certificate from the Parish Health Officer.

3. Character. Applicants must present certificate of good character, signed by the Parish Superintendent. If not personally known to the Superintendent, the certificate may be signed by the Sheriff, Parish Clerk, Judge or Police Juror.

4. Pledge. Students receiving free tuition sign the following pledge:

I, ..., Parish of .....,

declare my intention to attend the State Normal School until graduated, and to teach in the public schools of Louisiana for at least one year after graduation.

(Signed) .....

The pledge is not construed to require continuous attendance. Many of the best students attend for only one or two terms at a time, then teach for a while to earn money for the remainder of the course.

Honorable release from the obligation may be obtained from the president on account of

1. Inability to do the required work.
2. Failure of health or eyesight.
3. Pecuniary necessity; or,
4. Family bereavement.

Students who do not expect to teach in Louisiana pay a tuition fee of $20 a term, $160 per course.

Students from other States have the same privileges as Louisiana students, provided they promise to teach in Louisiana or pay the tuition fees.

STUDENTS' ORGANIZATIONS.

There are three literary societies—the S. A. K., the E. L. S., and the M. C. C.

Their regular meetings are held every Saturday night. Joint meetings are held several times a year. At commencement there is an inter-society contest in oratory, declamation, extemporaneous speech, music, drama and parliamentary practice.

There are two athletic associations, one for men and one for women. Baseball, football and basketball teams, tennis clubs and swimming teams are maintained.

RELIGIOUS SOCIETIES.

The Normal School is a public, unsectarian school. It aims to throw around the students refined moral influences and to develop high ethical and religious standards of living.

Students attend the services of the churches in Natchitoches, Baptist, Catholic, Episcopal and Methodist, and the B'nai Israel Synagogue. All of these have earnest members in the faculty, and students of every faith have abundant opportunity to observe all the requirements of their church duty.

The Young Men's Christian Association, the Young Women's Devotional Circle, the Apostleship of Prayer and the King's Daughters have efficient organizations for religious and charitable work.

LIBRARY.

The library has five thousand books and receives nearly a hundred periodicals, including daily and weekly newspapers, literary, technical and religious journals and magazines.

It is under the care of an experienced librarian all the time on school days and on Saturdays.

SHOPS AND LABORATORIES.

There are well-equipped manual training rooms and laboratories for physics, chemistry, elementary agriculture, botany, zoology, and psychology.

THE REGULAR COURSE OF STUDY.

FIRST YEAR.

FIRST TERM.	SECOND TERM.
1 English Grammar	1 English Composition
2 Arithmetic	2 Algebra
3 American History	3 Modern History
4 Geography	4 Botany
5 Writing and Spelling	5 Arithmetic
6 Physiology	6 Drawing

SECOND YEAR.

THIRD TERM.	FOURTH TERM.
1 Geometry	1 Latin or French
2 General History	2 Literature
3 Algebra	3 Geometry
4 Zoology	4 Physics
5 Singing	5 Singing
6 Drawing	6 Drawing

THIRD YEAR.

FIFTH TERM.	SIXTH TERM.
1 Latin or French	1 Latin or French
2 Literature	2 Pedagogy
3 Advanced Geography or Geometry and Trigonometry	3 Physics
4 Singing	4 Psychology
5 Civics and School Law	5 Grammar
6 Elementary Manual Training	6 Writing and Observation

FOURTH YEAR.

SEVENTH TERM.	EIGHTH TERM.
1 Latin, French, Elective, Review	1 Latin, French, Elective, Review
2 Pedagogy	2 History of Education
3 Practice Teaching	3 Practice Teaching
4 Chemistry	4 Agriculture
5 English Discourse	5 English Discourse
6 Drawing, Physics, Analytical Geometry, or Review	6 Singing, Chemistry, or Review

ADDITIONAL INFORMATION.

Latin and French are offered six terms, three of which are elective.

The minimum number of credits required for graduation is: 7 in English, 6 in Mathematics, 6 in Natural Science, 4 in Drawing and Manual Training, 3 in Singing, 3 in Latin or 3 in French, 3 in History and Civics, 2 in Physical Education and 5 in Professional Subjects—39 in all.

Two terms of successful work in a literary society may count one credit in English.

In addition to the regular course of study, special courses in singing and drawing, and individual lessons in piano, violin and voice are offered.

SPECIAL COURSES.

Special students in singing and drawing are required to take all the work in singing and drawing in the regular course of the Normal School and in addition, one term devoted exclusively to methods and teaching in these special subjects.

It is recommended that any person desiring to become a special teacher of singing and drawing should first take the regular course at the State Normal School or its equivalent, but all persons taking the special course are required to take the following subjects: English 2 terms, Psychology 1 term, Pedagogy 2 terms, Observation 1 term, Teaching 1 term. Graduates of the State Normal School, by devoting 2 periods a day to teaching and observation, 2 to special methods and 2 to review work, may complete the special course in drawing and singing in one term.

Undergraduates who take the special course in drawing and singing are required to take the teachers' examinations in the parishes.

EXPLANATION OF COURSES OF STUDY.

ENGLISH.

First Term. Buehler's English Grammar. Study of the principles of technical grammar.

Second Term. Scott & Denney's English Composition. An elementary course in composition designed to ground students in the essentials of English.

Fourth Term. English Literature. A careful and appreciative study of Stevenson's Treasure Island, Scott's Lady of the Lake, Ruskin's Sesame and Lillies, Addison's DeCoverly Papers, Coleridge's Ancient Mariner.

Fifth Term. English Literature. Continuation of work done in Fourth. Studies in Tennyson, Eliot, Wordsworth, Burns, Goldsmith, Shakespeare.

Sixth Term. English Grammar. Kimball's English Sentence. A critical study of the structure of the English sentence. A thorough and intensive course in English grammar, designed as preparation for teaching.

Seventh Term. English Discourse. Scott & Denney's Paragraph-writing. Exposition and Argument. Study of models from authors of repute. Study of the structure of the paragraph. Frequent themes.

Eighth Term. English Discourse. Work of Seventh continued. Narration and description as forms of discourse, with use of models. Frequent themes.

MATHEMATICS.

First Term. Wentworth's Practical Arithmetic. Review of fundamental operations; common and decimal fractions; denominate numbers; percentage and its applications; ratio and proportion; square root.

Second Term. Arithmetic. Text—Wentworth's Practical. Metric system; ratio and proportion; percentage and applications; powers and roots; mensuration.

Second Term. Algebra. Text—Wentworth's New School. Term's work covers material in text to fractional equations.

Third Term. Algebra. Text—Wentworth's New School. Text is completed through logarithms. The graph is used.

Third and Fourth Terms. Geometry. Text—Wentworth's Plane and Solid Geometry. Power to solve originals developed.

Fifth Term. Geometry and Trigonometry. Wentworth's Plane and Solid Geometry. Constructive work done by students in Solid Geometry. Wentworth's Trigonometry.

HISTORY.

First Term. Text—Doub's History of the United States. This subject is presented in great epochs, and the object of the course is to make the various phases of American history and life real and vivid to the student.

Second Term. Modern History. This course is planned to throw light upon our own religious, political and social institutions, hence those great formative periods in the development of the English Government are studied intensively.

Third Term. Text—West's Ancient World. Greek and Roman periods with special reference to the bearing of the institutions of these people upon our own times.

CIVICS.

Fifth Term. Text-book. James and Sanford.

Conditions and tendencies leading to Convention of 1787 reviewed, and the three departments of government discussed with more or less attention to detail. The Constitution of Louisiana is then studied in broad outline and the leading features of our school system briefly reviewed.

PROFESSIONAL COURSES.

Sixth Term. Psychology. Text—Thorndike's. A general view of mental processes, definitions of terms, the nervous system in broad outline, the dynamic tendencies such as instincts, habit, discrimination, etc., are studied and illustrated by experiment or familiar examples.

Sixth Term. Observation. A course in observation of expert teaching. The work is done under the direction of the training teacher, who discusses with the class the results of their observations.

Sixth and Seventh Terms. Pedagogy. Two courses in Pedagogy are offered; a course in the principles of teaching, and a course in the special methods of the common branches. Texts—Thorndike's, McMurry's.

Eighth Term.—History of Education. Text—Monroe's.

Seventh and Eighth Terms. Teaching. Practice teaching in the Model School one period a day throughout the Seventh and Eighth Terms.

School Administration, (Elective). An advanced course offered to graduates and principals, with special reference to school organization, supervision and management.

GEOGRAPHY.

First Term. Text—Frye's Higher. Earth structure, local geography, natural products, commercial geography, and the development of transportation routes.

Natural advantages of city, state and nation; agricultural products and their influence upon the people.

Illustrative field excursions, pictures and charts studied. The use of agricultural reports and mineral specimens.

BOTANY.

Second Term. Text—Andrews'. The plant as a unit or individual; germination and growth of seedlings; records of observations. Microscopic study of tissues; roots and leaves; their relation to soil, air and sunlight.

Floral structure, identification of plants by a manual; special attention paid to economic plants and their relation to agriculture. Work done from the object, and the microscope freely used; campus visited frequently, trees identified, students encouraged to observe and discuss interesting phases of plant life.

ZOOLOGY.

Third Term. The use of microscope and study of protozoa, jelly fish, fresh water hydra, sponges, earth worms and starfish. The study of crustacea and mollusks of land and water. Study of insects, rearing specimens, and making collections, notes and drawings. Birds, resident and migratory, studied. Bactrachia, reptilia and mammalia. A good collection of fossil forms, ample literature, bulletins.

PHYSIOLOGY.

First Term. Study of the cell, tissue and organ, skeleton and its parts, modifications and relations, gland and muscle, use of microscope.

Study of alimentation and digestion, circulation and respiration, brain and nerves, sanitation and hygiene, infectious and contagious diseases; experiments and tests in sight and hearing. Notes kept, drawings made from dissection and experiment.

CHEMISTRY.

Seventh Term. Text—McPherson & Henderson's. About thirty of the more common elements are presented and their more familiar compounds studied. The atomic theory, chemical equations and calculations, solutions, acids and bases, and some industrial processes are presented. Processes exemplified experimentally.

Eighth Term. Seventh Term continued, and, in addition, some experimental work in agricultural chemistry and quantitative analysis.

PHYSICS.

Fourth Term. Text—Cahart & Chute's. Motion in its simpler forms, force in its simpler application, work and energy, fluids, wave motion, sound and heat. The laboratory method will be used in instructing. Millikan & Gale's Manual will be used. Each student will be required to make experiments and keep a note-book.

Sixth Term. Same Text as Fourth Term. A hasty review of the fundamentals taught in the Fourth Term and Light, Magnetism and Electricity. Experimental work will be continued with greater care and accuracy. Students will be required to present demonstrations to the class.

AGRICULTURE.

Eighth Term. Text—Bailey's. The study of the common rocks of the earth's crust, especially those used in agriculture.

Good specimens available. Soils identified, tests made in leaching, mulching and conservation of moisture; methods of tillage discussed and tools examined and used.

Review lessons in germination, plant nutrition, seed dispersal, plant analysis and the common weeds, fungi and fungicides. Injurious and beneficial insects of garden and farm. Farm animals examined and discussed.

Each member of the Eighth Term is assigned a plot 10x20 and allowed to cultivate whatever desired. Besides this there will be a "unit garden" about 50x100 devoted to farm crops and forage plants.

LATIN.

Fourth Term. Collar & Daniel's First Year Latin or equivalent. Half the book covered. Rigid drill work.

Fifth Term. The above completed. Caesar begun. Text—Walker's.

Sixth Term. Caesar's Gallic War concluded. Text—Walker's

Seventh Term. Cicero's Orations. Text—D'Ooge's.

Eighth Term. Virgil.

FRENCH.

Fourth Term. Elementary French. Text—Chardenal's Complete French Course, Revised Edition; Reading, Bercy's Short Stories.

Fifth Term. Syntax and Composition. Text—Mairet's La Tache du Petit Pierre.

Sixth Term. Sauveur's Grammar, Composition; Sand's La Mare au Diable; Hugo's Hernani.

Eighth Term. Sauveur's Grammar, Hernani continued; Corneille's Le Cid.

SINGING.

Third Term. Text—The Primer, Modern Series. A large number of good songs sung in unison; rhythmic work; ear training; the tone family; exercises in nine keys, simple work in two voices ;original melodies and writing from dictation.

Fourth Term. Text—The First Book, Modern. Advanced work in ear training, and writing from dictation; the study of the rhythmic forms and more difficult two-part exercises and songs.

Fifth Term. Text—Common School Book. Exercises for production of good tones; the study of rhythmic forms.

Eighth Term. Text—Smith Reader, Book One. Review of sight-singing, rhythm, and tone relationship; a brief history of music; methods; how to present the work in the various grades; songs for all grades.

DRAWING.

Second Term. Nature drawing, trees, grasses, flowers, fruit, vegetables, seed pods, etc., in mass drawing with the brush and in pencil outline.

Perspective, developing principles of foreshortening and convergence. Object drawing, cylindric drawings and original design.

Third Term. Studies from groups in still life in light and shade and color; nature drawing in water color; composition.

Fourth Term. Mechanical drawing; outdoor sketching, applied design.

Fifth Term. Knife work in wood, clay modeling, basketry.

Seventh Term. Methods of teaching drawing in the grades, general review of drawing, blackboard sketching.

MANUAL TRAINING.

The value of Manual Training in the public schools is now generally recognized, and the number of schools that are doing this work is steadily increasing. This, of course, creates a demand for properly trained teachers. It is the aim of the department to help supply this demand.

The new Woodworking room is fully equipped with benches, bench tools and special tools. The room for Elementary Manual Training has the necessary equipment for carrying on the various forms of handwork.

ELEMENTARY MANUAL TRAINING.

This course is planned to give instruction in those forms of handwork that are most suitable for use in the elementary school, and to study them from an educational point of view.

Instruction will be given in paper folding and cutting, paper and cardboard construction, dyeing, handloom weaving (using both raffia and jute), stenciling, block printing, bookbinding and basketry. One of the special features of the course is the construction of a doll or play house from a soap or dry goods box. Furniture, wall paper, rugs, curtains, etc., are first planned and then executed, keeping in mind the furnishing of a model home. The result, of course, reflects the living ideas of the students, and in turn those of the children. Special attention is given to simplicity, color scheme, lighting and sanitation.

WOODWORKING.

This department was installed primarily for the use of the fifth, sixth, seventh and eighth grades in the Model School, and for those student-teachers interested in this line of work. Problems and projects immediately associated with the child and his activity are worked out. Tools are used only as a means to an end and not as an end in themselves.

Special Course. This course is designed for those desiring to teach woodworking. The beginning of this course is similar to the work done by the Model School pupils. In addition, advanced work in furniture and cabinet making and mechanical drawing will be required. Estimates of lumber and other materials for class work, making of plans and working out of estimates for equipment of a classroom under existing conditions in the state will receive due time and consideration.

INSTRUMENTAL MUSIC.

The school is equipped with fifteen pianos, and rooms for the study of the violin. Those who are qualified may join the orchestra. Students' recitals are given during the year and special recital programmes are given by the musical faculty.

PHYSICAL EDUCATION.

Students are required to take two terms of directed physical training before graduation. The work in formal gymnastics must be taken before the seventh term. Suits must conform to regulations.

For boys, football, basketball, baseball and tennis are much encouraged among outdoor sports. The aim of this work is not to develop winning teams, but to give methods of developing one's own physical nature; to instruct in the art of training others; and to create right ideals in sport and physical training.

For girls, basketball, tennis and swimming are standard sports, with similar aims.

GRADUATION.

The requirements for graduation are two: satisfactory completion of the course of study and development of an acceptable degree of skill in teaching and control. They are equally indispensable; no amount of scholarship can take the place of teaching power, and no facility in teaching can atone for poor scholarship.

The diploma of the Normal School is authority for a license to teach in any public school of Louisiana for four years. It may be renewed indefinitely by the Board of Administrators "upon satisfactory evidence of success, progress and good character." "Furthermore, the diploma of the State Normal School shall entitle its holder to such degree of preference in selecting teachers for the public schools of the States as may be deemed wise and expedient by the State Board of Education.

Three classes are graduated each year, in January, May and September, but there is only one commencement exercise, in May, at which time diplomas for all graduates of the year are given.

DEMAND FOR GRADUATES.

The schools of Louisiana require five thousand white teachers. The average term of service is about four years, and a thousand new teachers are needed each year.

Many of the Parish Boards now engage only trained teachers, and in every parish of the State some schools require normal graduates. As popular interest in the public school increases, there is an increasing demand for trained men and women; and for several years the Normal School has had many more calls for graduates than it could supply.

Capable, well-trained teachers are eagerly sought by school boards, not only in Louisiana, but throughout the South. And every man and woman prepared to give superior service in the schoolroom may be sure of prompt employment in responsible positions at good salaries.

For several years the graduating classes of the Normal School have been practically all engaged in advance of graduation. The demand for trained teachers may be expected to increase; and the public school service offers an inviting field to the strongest and worthiest young men and women of the State.

EXPENSES.

Tuition is free to all who expect to become teachers; others pay a fee of $20 a term. Students taking special courses not leading to graduation pay the same fee.

The incidental fee for regular students is $2 a term; for pupils in the Model School, $1 a term.

Individual lessons in violin, piano and stenography are the only subjects for which there is a special fee; for such lessons the charge is $16 a term.

All fees are payable in advance. The incidental fee must be paid for a *fraction of a term the same as for the full term.*

Board in dormitories costs $3 a week; in private families, from $3.50 to $5 a week, according to accommodations furnished. In the Louisiana Hotel, under the management of Mr. F. L. Brandin, men pay $16 a calendar month. Linen not furnished.

Washing for men costs about $1 a month; for women, $1.50 to $2.50.

The following is an average estimate of the cost of attendance to a regular student in the Normal School.

Board, 16 weeks at $3	$48.00
Washing	8.00
Books and stationery	10.00
Incidental fee	2.00
Infirmary fee	1.00
	$69.00

Students working in the laboratory or shops pay a fee of $1.00 a term.

SCHOLARSHIPS.

The General Assembly of 1904 provided that the Police Jury of each parish may make appropriation for the maintenance of a beneficiary student at the State Normal School.

The appointment should be made by the Police Jury.

Nineteen parishes now maintain beneficiary students.

ALBY L. SMITH SCHOLARSHIP.

The Alumni Scholarship, established June, 1897, is called the Alby L. Smith Scholarship, in memory of the beloved training teacher under whom so many of the Alumni served their apprenticeship.

ALUMNI LOAN FUND.

The Alumni Association maintains a loan fund, from which temporary loans are made to students in the last year of the normal course, to be repaid out of the first year's earnings after graduation.

REGULATIONS.

Boarding places must be approved by the president of the school.

Students are expected to bear themselves with propriety both in and out of school, and to show due respect for order, morality, personal honor, and the rights of others. Failure to do this is sufficient ground for dismissing any student.

Absence without previous permission or valid excuse forfeits the student's membership.

Neglect of duty, unbecoming conduct or irregularity of attendance will lead to the dismissal of the student.

It is the effort of the Administrators to admit to the privileges of the Normal School only those who are morally and physically qualified for the office of teacher, who are accustomed to rational living and endowed with the sense of responsibility. *Those who have no serious purpose, and disobedient, lazy, sickly and untrustworthy students are dismissed without ceremony.*

THE BOARDING CLUB.

Seven buildings are used as dormitories for young women. The new concrete dormitory is fire-proof. Young men board in the Louisiana Hotel, which accommodates fifty men, and in private families in town, approved by the president of the school.

The boarding club accommodates six hundred young women. The bedrooms are furnished with single beds, mattresses, chairs, tables, dressers, wardrobes, washstands, steam heat and electric light.

Students provide their own pillows, sheets, blankets, bedspreads, towels and napkins. Feather beds, cotton "comforts" and quilts are not allowed in the dormintories.

Every bedroom is comfortable and properly furnished. Choice is given to students who are living in the club. *New students cannot choose rooms,* but are assigned to places by the matron of the club.

There are sanitary closets and bathrooms, supplied with hot and cold water.

The club is governed by the president of the school and receives his personal attention throughout the year.

The beautiful Normal grounds are the home and recreation grounds of the young women of the club after school closes in the afternoon.

CLUB RULES.

1. Applicants must file certificates of good health and good character, and agree to observe the club rules.

2. Club members are required to conduct themselves with propriety, and to show due regard for the rights of others.

3. Members cannot leave the ground without reporting to the matron, both on leaving and returning.

4. No member will be permitted to spend the night away from the club, and *requests to this effect from parents will always be refused.*

5. Young women living in the club are not permitted to receive calls from gentlemen.

6. Club members are not allowed to receive packages of food.

7. Medicines must not be kept in bedrooms. No narcotic, intoxicant or poisonous substance is allowed under any circumstances. Remedies for the simple ailments incident to school life are kept and dispensed by the nurse. When a student is sick enough to need the attention of a physician, she is taken to the infirmary and placed in charge of a graduate nurse.

8. On Sunday club members may attend any day service at the churches.

9. For a minor violation of the club rules a member may be put under arrest, which means forfeiture of privileges for the time. For any grave violation of rules or of propriety, for continuous neglect of duty, or unbecoming conduct, the member will be dismissed.

Nearly all the club members are preparing themselves for their life-work, most of them at their own expense. And with students of this class the largest possible liberty may be safely allowed. Every feature of the club management rests on the assumption that the students are capable of self-control, and that they desire to advance the interests and welfare of the club.

CLUB EXPENSES.

The charge to club members is $3 a week. This is payable four weeks in advance. For less than a week the charge is 50 cents a day. For mothers and sisters of club members, the charge is $1 a day. No other visitors are accommodated.

The charge covers board, room, fuel, light, and service.

In cases of protracted sickness, students pay for the services of physician and nurse, and for medicine and other supplies required for individual use.

GENERAL.

In the fall and spring terms breakfast is served at 8 o'clock; luncheon at 12:30; dinner at 5.

No rising hour is prescribed, and students are advised to sleep as late as possible in the morning. Negligee dress is not allowed in dining-room.

Parents are advised to have clothing for their daughters made at home.

The cashier receives deposits from club members and pays money drawn against these deposits. The club becomes responsible for deposits.

Club members are advised to deposit their money *immediately after arriving. Money should not be kept in the bedrooms at any time.*

Clothing, towels, napkins and bedlinen should be marked with the owner's *full name, not with initials only.*

Trunks and handbags should have the owner's *name* and *address* PRINTED on them. Initials and cards are insufficient.

New students should give notice a day or two in advance of their coming, so that they may be met at the station.

For further information write

J. B. ASWELL, President.

Natchitoches, La.

IMPROVEMENTS SINCE AUGUST 5, 1908.

During the two years now closing much attention has been given to the permanent improvement and upbuilding of the Normal School plant as well, as to extending the course of instruction:

1. The purchase of live stock needed.
2. Painting and enlarging the old frame dining-room.
3. Sewerage, baths and sanitary closets installed in six buildings.
4. Steam heat put into four buildings.
5. Removing old shed and repairing and enlarging boiler-house.
6. Adding one unit of an electric light plant.
7. One mile of concrete walk built.
8. Well and water tank provided.
9. Repainting East and West Halls, Model School, Boyd Hall, Matron's Building, and Dining-room Building.
10. Whitewashing and rebuilding fences.
11. Removing old stables and improving pasture fences.
12. Building new stables and cow barn.
13. Purchase of 175 acres of land and enlarging pasture and farm.
14. Furnishing bedrooms in dormitories with dressers, mirrors, rockers, new tables, chairs, new beds, etc.
15. Providing and equipping Infirmary with beds, chairs, screens, rockers, etc.
16. Hangers and lockers added in Boyd Hall and Model School.
17. Repairing kitchen ranges and increasing supply of dishes, kitchen utensils, tables, etc.
18. Repairing matron's apartments.
19. Purchasing large ice box.
20. Increasing storeroom capacity.
21. Purchasing Pitless Scales.
22. Grading and draining campus.
23. Salt Well and pumping outfit for swimming pool provided, also a screen put around swimming pool.
24. Remodeling and repainting president's cottage.

25. Adding and equipping Manual Training Department.

26. Completing water connections in academic building and sanitary closets in basement.

27. Enlarging seating capacity in auditorium.

28. Adding of chairs and desks in recitation rooms.

29. Improving office equipment with Burrough's Adding Machine, filing cases, typewriters, desks, vouchers, etc.

30. Equipping chemical and physical laboratories.

31. Equipping laboratory for biology.

32. Putting partition between Departments of Physics and Chemistry and laboratory for biology.

33. Enlarging and improving library.

34. Adding to equipment for Model School in bookcases, books, tables, coathangers, perception cards, blackboards, etc.

35. Fitting up faculty room.

36. Providing bookroom for convenient sale of books, stationery and other materials.

37. Purchase of a Steinway grand piano and six upright Steinways, fund from music department.

38. Enlarging the work of the classes in agriculture, furnishing additional farming implements, seeds, etc.

39. Fitting up boiler-house shop with tools.

40. Placing benches, trash baskets, building trellis and planting vines, roses and young trees on campus. Organizing Campus Improvement League and removing unsightly objects from the grounds.

41. Draining basement and beginning repairs on cracks in building.

42. Repairing heating and ventilating system in academic building.

43. Overhauling clock system in academic building.

44. Enlarging musical faculty.

45. Adding three grades (9th, 10th and 11th) to the Model School course.

46. Extending course of study.

47. Increasing faculty to forty instructors.

48. Adding special courses in drawing and singing.

49. Screening basement.

50. Erecting re-enforced concrete dormitory.

ALUMNI ROLL, JULY 1910

Number of Graduates, 1,115.
